مختار معمر بشير ابوراوي

Objective:

Concrete material and FRP and RC Concrete design, investigation of structural failures, cracking, defects, concrete rehabilitation and strengthening.

Personal Data:

Libyan nationality, Married with eight children, Born on Aug. 27, 1960. Tripoli-Libya National No. 119600123733

Education:

Ph.D., May 1997The University of SheffieldU.KMsc, June 1993The University of LeedsU.KBS, May 1985Garyounes UniversityBeng

BS, May 1985 Garyounes University Benghazi, Libya **DS**, Sept. 1980 Technical Engineering Institute Benghazi, Libya

The date of the last promotion (**Professor**) by the decision of the President of **Al-Margab University** No. **299** on December **25**, **2007 AD**

Academics:

More than 72 technical paper were presented in local, and international conferences titled in concrete design, concrete durability, Emphasis on laboratory tests and study of concrete problems.

Graduate Lecturers:

More than 32 years academic lecturer in Construction Material and Concrete Technology, Reinforced Concrete Design, and Prestressed Concrete Design

Post Graduate Lectures:

More than 24 years academic lecturer in Adv. Concrete Technology, Adv. Concrete Design, High Performance Concrete, Rehabilitation and Strengthening Concrete Structures, Design of High Rising Building, Adv. Prestressed Concrete Design, and Composite Reinforced Concrete Design.

Experience:

More than 42 years of experience in concrete material research, and in evaluation of existing structures, including investigation of structural problems, supervision on concrete design, design review, and building construction. Administration of technical department and team work.

Skills:

Drawing & detailing of architecture and the structural members by using AutoCad and SketchUp. Writing the technical reports using ward programmer and all package of micro office.

Employers:
